## Day 2: Doi Suthep Temple – Meo Doi Pui – Local Handicraft Village

The journey begins with a visit to a Meo Hill tribe village. Since they originally migrated from South China, the physical features of the tribe are similar to Chinese. They prefer large families and average about 8 in a family. They practice shifting agriculture. Mostly planting upland rice, corn and soybeans. Generally you will find that the womenfolk's works harder than the men. A trait similar with most hill tribes. Their houses are not built on stilts rather directly on the ground.

Due to its proximity to Doi Suthep this particular village is slightly more commercial and less traditional. Doi Pui was once famous for opium cultivation. It is 1500 meters above the sea level. Trip continues on to Wat Doi Suthep Temple. Driving up offers a panoramic view of Chiang Mai city. Later on, embark to the San Kamphaeng district, heart of the silk and cotton home industries, to witness the fascinating process of making and weaving these popular fabrics. Continue on the Bor Sang, the umbrella village, where the delicate Thai paper umbrellas are produced and hand-painted. From here onwards to Thai Celadon, about 6kms north of Chiang Mai, where exquisite ceramics are produced. These are modeled on the Sawankhalok pottery that used to be made hundreds of years ago at Sukhothai and exported all over the region. With its deep, cracked glazed finish the style is very distinctive and some pieces are exceptionally beautiful. Last but not least, are stops to observe the intricacies of both lacquer ware and silverware craftsmen.

**Day 3: Chiang Mai – Elephant Nature Park**

This day aims to explore Elephant Nature Park - a natural home and sanctuary for elephants, buffalos, dogs, cats, birds and many other rescued animals. Your visit starts with a picturesque drive through rural countryside. You will hear the personal stories of rescued and orphaned elephants. See how they became a proud herd and free from abuse for the first time in their lives. Many find their visit to Elephant Nature Park rewarding and very relaxing. Observe free roaming elephants (no riding), and other rescued animals enjoying the natural surroundings of our sanctuary. Your visit helps support our regional projects and offers an invaluable opportunity of helping elephant conservation. You will join various activities to cherish the elephants (unload, distribute fruit treats and feed the elephants from the viewing platform).

Enjoy a sumptuous and varied vegetarian buffet of Asian and International dishes in the beautiful nature of the park

Walk with our staff and the elephants to the river that skirts the park. Watch these gentle giants as they splash around and play while you stay dry on the river bank. After the visit, it's time for goodbyes to the elephants and to Elephant Nature Park before the hour-long drive back to Chiang Mai where you will be dropped off at your accommodations.

*\*Park visits are all about spending quality time observing, being with the herd and be their friends (RIDING IS NOT ALLOWED). We do not adhere to a strict schedule; the best way to make the most of your visit is to relax, watch and learn from the elephants.*
